### WILL BUILD A ROAD.

The Anaconda Company to Construct a Railroad of Its Own From the Mines to the Smelter.

An Inference That the Rocky Fork and Anaconda People are Working in Harmony, so That the

Latter May Have Fuel.

BUTTE, Jan. 14 .- [Special to the Independent.]-A sensation was produced on the streets to-day when it became known that the Anaconda company had ordered a survey from their mines in Butte to their smelter in Anaconda, and that they intend to speedily construct a railway line of of this action is the scantiness of ore and coal supplies furnished at the great smelof ore, coal and wood every twenty-four Co., is here. hours. This is a great undertaking for any one railroad, and the result is that the smelter has had no supplies ahead. The recent strike of the Montana Union engineers forced an immediate shut down of the smelter at an enormous expense. During the present winter the oins that a hundred shovelers have at times een employed to get in and shovel ore in order to keep the machinery in operation. Three times the smelter has been on the very verge of a shut down. These causes have determined the company to construct its own line to Anaconda. The road will go out from Butte to Silver Bow, pass through the Silver Bow canyon to Anaconda and make a cut off by way of Gregson's
Springs, thus avoiding the heavy grade

other conference, accompanied by Arthur da and make a cut off by way of Gregson's company, got back from the east Saturday, and his first proceeding was to dismiss a Union Pacific surveying party which was running some switch lines for the company at Anaconda. This plan of the Anaconda company is very significant, as it almost certainly indicates that the company has signed an agreement with the secretary of the syndicate which will keep the mammoth smelter in constant operation for a term of years. The building of the road, together with the rolling stock expenses, will cost a round million of dollars. From the movements of Gov. Hauser it is inferred that the Anaconda people are associated with him in the building of the Rocky Fork road from Billings to the mighty coal fields southward. On the completion of the Rocky Fork road a cut-off line will probably be constructed from

Independent ]-The stockholders of the North Montana Sheep company met on Saturday at the office of Mr Brady and son, W. W. Castor, of Minneapolis; John Ross and Thomas E. Brady. The trustees then organized and elected the following officers: Paris Gibson, president; J. Ross, vice-president and general manager; Thos. E. Brady, secretary and treasurer. The general manager's report to the company showed the live stock to be in good condition, with feed in abundance. They are likely to bass the winter without loss, as the ranges are nearly clear of snow. The company's range is on Arrow creek. Fergus county. They are likely to bass the winter without loss, as the ranges are nearly clear of show. The company's range is on Arrow creek. Fergus county. The stockholders expect to improve on last year's record, which was a dividend of 29 per cent. Higher prices are expected for wool in accordance with the advices received from the Boston and other markets.

WASHINGTON,, Jan. 14 .- The Supreme Court to-day granted the motion to advance for a hearing the case of Che Chae Ping against the United States, and assigned it for argument the second Monday in March. This is the case brought to test the constitutionality of the Scott Chinese exclusion act, passed by congress last session, in so far as the act declares void the return certi-ficates granted Chinamen who left the United States prior to the passage of the

Vicksburg, Miss., Jan. 14.—Jefferson Davis arrived here last evening. To-night, in response to a serenade, Davis feelingly referred to the Mississippi boys, whom he said he had lived and suffered for. He closed as follows: "It is probably the last time I will see you, but I will die, when I do die, with the thought and feeling that I have not lived in vain, and with a love for Mississippi that passeth all understanding."

### GONE TO CANADA.

The Business of Chas. P. Thomson, a Great Falls Merchant, Attached GREAT FALLS, Jan. 14 .- [Special to the

ndependent. J-Considerable surprise was felt in business circles to-day when it became known that Chas. P. Thomson's store was in the hands of Sheriff Downing. He had levied an attachment on the stock for \$12,324 at the suit of I. G. Baker & Co., of Fort Benton, who bought goods for Thomson from eastern houses and made themselves responsibles. It is probable that the stock will be worth the claim, but nothing definite can be said until the stocktaking is completed. The other debts are light. Thomson left town about ten days ago, saying he was going to Helena. He took with him about \$800 he had in bank here, and some he had lately due him. He was not heard from until the other day, when he sent a telegram from Canada, asking to have his mail forwarded. Thomson had been in the dry goods business here for about three years and seemed their own between these points. The cause | to be doing a good business. The failure ter. GIVING HIM POINTS.

The Work of Posting the President Elect Going Bravely On.

INDIANAPOLIS, Jan. 14.—This has been very busy day with Gen. Harrison, almost a constant string of visitors pouring in and out of the house all day. The members of the Indiana electoral college called this afternoon and paid their respects and a deputation from the National Service Pension association also called to-day. They held a conference with the presidentelect upon this subject, but no attempt was made to draw the general out upon the subject. His position is already well un-

pletion of the Rocky Fork road a cut-off line will probably be constructed from Gallatin to Butte, via Boulder, where it will connect with the Helena, Boulder Valley & Butte road, already graded to within a few miles of this city. The Anaconda would thus have a direct connection with the Rocky Fork coal fields, and thus never be in danger of again running short on coal.

EGAN MAY DIE.

Tug Wilson's Victim in a Very Bad Condition at Fort Benton.

FORT Benton, Jan 14.—[Special to the Independent.]—John Eagan, the man so fearfully butchered by Tug Wilson at Big Sandy station, was brought to Benton by Saturday's Manitoba train and placed in St. Clair hospital. Drs. Adams and Atkinson say his condition is critical. He is not allowed to talk owing to the stab in the windpipe. Pneumonia has set in. Under

man than Eagan with his fists. From the present outlook the attack on Eagan was a cold-blooded attempt at murder. The hearing in Wilson's case was set for to-day, but will probably be postponed until Eagan's fate is known. After Wilson's capture he was taken in Eagan's presence, who fully identified him as the man who stabbed him.

WASHINGTON, Jan. 14.—Senator Dawes to-day introduced a bill for the division of the great Sloux reservation in Dakota. It requires the consent of the Indians to be obtained to the opening of the reservation and that the fund arising from the sale of the lands shall be held in trust for the six different tribes instead of being held in a for a writ of error in the case of Geo. W.
Farnsworth, plaintiff, vs. the Territory of Montana. Farnsworth was convicted of a violation of the laws of Montana territory, making it a misdemeanor for any person to sell goods as a commercial traveler without first having secured a license.

> NEW YORK, Jan. 14 .- Harry Thomp on, of Kingsland, and Frank E Evans, of Jersey City, middleweights, fought a most bloody and brutal battle yesterday. At the end of the thirteenth round both were frightfully battered and had to be helped to their corners and the fight was declared a draw. They had fought twice before and each had won one battle.

NEW YORK, Jan. 14.—Port-au-Prince, Hayti, special: The question of indemnity for the seizure of the Haytien Republic has been settled. The amount agreed upon is \$120,000; of this \$50,000 was paid to the owners of the steamer, and the balance will be paid in equal installments March 1 and June 1.

named its officers, a list of whom was made public by the INDEPENDENT yesterday. There was not so many applications in the upper house, and as a general thing, as far as can be ascertained, the appointees give politicians greater satisfaction than those of the lower house.

The house caucus, which was held at the Cosmopolitan, lasted from 11 o'clock to 2 o'clock yesterday, and kept a great many on the anxious seat, the most numerous or whom were boys who wanted pages' places. Many were called and but one chosen. The hardest fight perhaps was over sergeant-at-arms, between O. Lund, of Helena, and J. F. Kelley, of Missoula. Kelley went in with seven votes, but could not get a stronger following, the place hav-

ganization was effected easily and in the

bailot.

For engrossing and enrolling clerk, Thompson, of Silver Bow, nominated Frederick Gilbert, of Missoula county, the second was made by Bickford, and the usual process elected htm.

Browne, with some degree of elequence, placed Capt. L. F. Wyman, of Butte, in nomination for sergeant-at-arms, Hatch seconded it and the election was made.

Rev. F. T. Webb, of Helena, was then elected chaplain on the nomination of Hatch.

matters relating to alleged homestead irregularities which they and the people represented by them think he should be made acquainted with. They urged him to select a broad man for the interior department, who would treat settlers living on homesteads with humanity, and encourage them to prove up and secure titles to their holdings instead of impeding their efforts in this direction by technicalities. Prof. David Swin- the celebrated Chicago divine, was the guest of Gen. and Mrs. Harrison this evening by special invitation. Prof. Swing was a classmate of Gen. Harrison this evening by special invitation. There is good reason to believe that the Nebraska delegation to-day urged the appointment of Hon. John M. Thurston to a cabinet position.

Death of Mrs. Gould.

New York, Jan. 14.—Mrs. Jay Gould died at her home on Fifth avenue at 8:50 p. m. last night. The entire family waited about the bedside for the end to come. Dr. Baidwin said that any attempt to prolong life would be not only useless, but even

LEE MANTLE, OF BUTTE.

Mr. Thompson has a bill prepared for the creation of a board of commissioners to act as boiler inspectors and examiners of engineers. A meeting of the society of stationary engineers was held in Butte resently, when the bill was prepared. This board of commissioners will number three, to be appointed by the governor. The men to compose the board must have had at least ten years experience in the business. to compose the board must have had at least ten years experience in the business. All engineers applying for positions must first procure a certificate from the board and pay a license of five dollars a year. The board shall inspect sill boilers and the reidsal of a company to permit this being done will be liable to a fine not exceeding \$100. This movement was brought about by the fatal boiler explosion at the Boston and Montana concentrator.

In relation to gambling it is understood that some immediate action will be urged, especially in regard to lotteries and surething games.

A bill will also be introduced to appoint a commission to have the county lines of

Promptly at 12 o'clock Territorial Auditor James L. Sullivan, the person designated by territorial law to call the house to order, let fall his gavel. The lobby and gallery were well filled with spectators, but there were only four members in their seats-George H. Carver, of Park; E. C. Garrett, Choteau and Cascade; E. H. Johnson, Custer; J. E. structed to cast the ballot for Mr. Waite, which was done.

W. H. Hunt moved to proceed to permanent organization. Carried.

W. H. Hunt placed in nomination for speaker of the house Lee Mantle, of Silver Bow county. He said in making the nomination he had sought to be guided by fitness, availability and locality. The majority of the members elect had met in caucus, and, guided by what they thought to be the best interests, had agreed upon the talented and able representative of Silver Bow county, Hon. Lee Mantle.

Mr. Mantle s nomination was seconded by Clinton H. Moore.

On motion of W. H. Hunt the temporary secretary was instructed to cast the vote of the body for Hon. Lee Mantle.

Mr. Mantle was declared elected speaker, was escorted to the chair by Davis, of Lewis and Clarke, and Jones, of Missoula, and introduced as the speaker of the sixteenth general assembly of Montans.

The speaker said he felt himself at a loss to properly express his sentiments. He felt that he had been highly honored, and

The speaker said he felt himself at a loss to properly express his sentiments. He felt that he had been highly honored, and would try to the best of his ability to preside with fairness over their deliberations. He knew what obligations he assumed, but felt that he would have the hearty co-operation of every member. It would be his honest endeavor to fairly treat every individual member as well as every question. He might commit many errors, but they would be errors of judgment and not of the heart. He again wished to thank the members for the distinction conferred and wished to say that if in the future he did not give the satisfaction expected, the injury they suffered would be seif inflicted.

NOTES OF THE SESSION. A faint echo of the campaign was heard in the contest -for there was a slight strug-

gle-over the house chaplaincy yesterday. Mr. Raleigh, the defeated nominee, had made himself very offensive to democrate by his pulpit partisanship, and did not seem to be particularly dear to some of the republicans. When Joe Davis nominated him he said he supposed there would be another nomination, to which Col. Pemberton, who was standing near by, inquired: "What's the reason you can't have two chaplains, one for the day shift and the other for the night shift?" The suggestion wasn't received with favor, and Rev. C. B. Allen, Jr., being nominated, he was elected.
